A Community Response

Responsible Care.®
A Public Commitment
Community Advisory Panel (CAP)
Wyandotte, Michigan

BASF

CAP

GOAL:

Assist BASF to be particularly sensitive to Public and Community concerns.

COMMITMENT:

To meet regularly with the management of BASF in Wyandotte to review and discuss operations, environmental performance, safety, emergency preparedness and social commitments of the Company to the community.

COMMUNITY AWARENESS:

The CAP is an advisory panel to share community perspectives and input. To be a communication bridge between BASF and the community. To foster a better understanding of each others position on issues on mutual concern.
